

## Doctor of Philosophy Program in Clinical Pharmacy

The course focuses on producing advanced pharmaceutical care scholars who are capable of planning and implementing research. Research using scientific methods to gain new knowledge in the field of pharmaceutical care and be able to apply knowledge and academics to develop pharmaceutical care systems and increase the quality of life of patients. creatively and efficiently Under the cooperation of experts in clinical research (Clinical research).

1. Number of students limited	4		
2. Plan of study	Plan 1.1 and Plan 1.2		
3. Instruction Administration	Monday - Friday		
4. Format of Instruction	Online and onsite		
5. Tuition fee	International students 60,000 Bath/Semester		
6. Course Structure	<b>Course Structure</b>	<b>Plan of study</b>	
		<b>Plan 1.1</b>	<b>Plan 1.2</b>
	Credit	-	-
	Audit (no more than.....)	-	-
	Thesis	48	72
	<b>Total</b>	48	72
7. Qualification of applicants	<p>Be a graduate of a bachelor's degree or equivalent / Be a graduate of a master's degree or equivalent and additional eligibility criteria are:</p> <p><b>Plan 1.1</b></p> <p>1) Be a graduate of a bachelor's degree and a Master's degree in Pharmacy. with a cumulative grade point average of a master's degree not less than 3.50. If a cumulative grade point average is lower than 3.50, a person with clinical research experience is required. with research papers that have been published and published In a peer reviewed journal, the aforementioned results must not be the results of studies at all levels in the past, subject to the discretion of the curriculum committee</p> <p>2) Have English language test results as announced by the Graduate School Prince of Songkla University Subject: English language proficiency criteria for applicants for doctoral studies</p> <p>3) International students must meet the requirements of item 1) and have English language test results as required by the Board. administering prescribed courses</p> <p>4) If the qualification does not meet the requirements, it shall be at the discretion of the course administration committee</p> <p>5) Have other qualifications according to Prince of Songkla University's Regulations on Graduate Studies B.E. 2563</p>		

	<p><b>Plan 1.2</b></p> <p>1) Graduated with a bachelor's degree in Pharmacy with very good grades and practical experience and research in the field of Pharmacy with published and published research that is not part of the bachelor's degree</p> <p>2) Have English language test results as announced by the Graduate School Prince of Songkla University Subject: English language proficiency criteria for applicants for doctoral studies</p> <p>3) International students must meet the requirements of item 1) and have English language test results as required by the Board. administering prescribed courses</p> <p>4) If the qualification does not meet the requirements, it shall be at the discretion of the course administration committee</p> <p>5) Have other qualifications according to Prince of Songkla University's Regulations on Graduate Studies B.E. 2563</p>
8. Application documents required by program	<p>1. Transcript showing grades throughout the course.</p> <p>2. Letter of permission to apply or study leave from the supervisor, 1 set</p> <p>3. Certificate of work or study experience, 1 set</p> <p>4. Evidence showing the research presentation at an academic conference or research results that have been published 1 set (if any)</p> <p>5. Research fields of interest and proposals or ideas or approaches of interest to be used as research for thesis, 1 set</p>
9. Contact info	<p><b>1. Course coordinator officer</b></p> <p>Miss Waraporn Awapak Tell. 0-7428-8883 E-mail : waraporn@pharmacy.psu.ac.th</p> <p><b>2. Instructors in charge of the course</b></p> <p>Asst.Prof.Dr.Sutthiporn Pattharachayakul Tell. 0-7428-8871</p> <p>E-mail : sutthiporn@pharmacy.psu.ac.th</p> <p><b>3. Faculty website : www.pharmacy.psu.ac.th</b></p>

#### Test schedule

Subject	Date	Venue
Interview		
- For Semester 1	May 2025	Faculty of Pharmaceutical Science
- For Semester 2	February - September 2025
