Master of Science Program in Chemistry

The Master of Science program in Chemistry aims to produce chemistry graduates with deep theoretical knowledge, an understanding of the process to generate new knowledge through research, and the ability to accurately solve specific problems in chemical processes. Graduates will be able to appropriately apply their knowledge in research areas such as energy, environment, food, and health. The program emphasizes proficiency in academic English, ethical principles, social responsibility, professional ethics and the ability to work well with others. Graduates will also possess the ability to be lifelong learners.

1. Number of students limited	10
2. Plan of study	Plan A2
3. Instruction Administration	Monday - Friday
4. Format of Instruction	Onsite
5. Tuition fee	56,000 Baht/semester
6. Course Structure	<table><tr><th>Course Structure</th><th>Plan of study Plan A2</th></tr><tr><td>Compulsory subject (Credits)</td><td>6</td></tr><tr><td>Elective subject (Credits)</td><td>No less than 10</td></tr><tr><td>Thesis (Credits)</td><td>20</td></tr><tr><td>Total (Credits)</td><td>36</td></tr></table>
7. Qualification of applicants	**Plan A2** 1. The applicant completed a Bachelor of Science degree in Chemistry or an equivalent field, with a GPAX of no less than 2.50, or 2. The applicant completed a Bachelor of Science degree in Chemistry or an equivalent field with a GPAX less than 2.50, but has experience of conducting research in Chemistry for at least 1 year with verified documents, and 3. The applicant meets other qualifications as specified by the regulations of Prince of Songkla University regarding graduate studies (B.E. 2563) or as determined by the program's committee.
8. Application documents required by program	1. One set of academic transcripts from the bachelor's degree 2. The international applicant must have English proficiency test scores validated within 2 years from the date of the test to the date of enrollment as follows: (The latest the applicant can submit the test score is on the interview date.) - TOEFL (Paper-Based) score of no less than 450, or - TOEFL (revised Paper-delivered Test) score of no less than 34, or - TOEFL (Institutional Testing Program) score of no less than 470, or - TOEFL (Computer-Based) score of no less than 133, or - TOEFL (Internet-Based) score of no less than 45, or - IELTS score of no less than 4.5, or - PSU-TEP (reading and structure) score of no less than 55%, or - CU-TEP score of no less than 50% In the case that the applicant does not have the English proficiency test results within the interview date, the program can accept the applicant with conditions. The applicant will be required to submit the English proficiency test results within the first semester of their first academic year (and must submit the English proficiency test results before the last day of the first semester of their first academic year).

9. Contact info	Assoc. Prof. Dr. Kwanruthai Tadpetch, E-mail: kwanruthai.t@psu.ac.th Division of Physical Science, Faculty of Science, Prince of Songkla University, Hat Yai, Songkhla, 90110, Thailand. https://www.sci.psu.ac.th/en/program-in-physical-science-en/
